Warmup Water Underfloor Heating Systems

VLo Ultra-12™ Low Build System
Ideal for use with uninsulated floors.

- ✓ 18mm Build-Up
- ✓ Tile Directly Over
- ✓ Market Leading Heat Output

 Made with Recycled Materials

VLo Nexxa-12™ Castellated System
Designed for use with insulated floors.

- ✓ Easy installation
- ✓ Excellent Thermal Properties
- ✓ For All Floor Finishes

 Made with Recycled Materials

VLo Econna-12™ Joisted Floor System
Perfect to install with joisted floors

- ✓ Even Heat Distribution
- ✓ For Timber Suspended & Battened Floors
- ✓ Low Profile Floor Finish

NEW PRODUCT

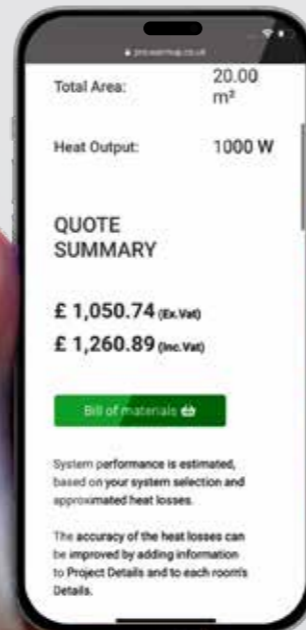

SAFETY Net™
Installation-Guarantee

If you accidentally damage the heating system during installation, return it to Warmup and we will replace it with another heater of the same make and model FREE!

LIFETIME WARRANTY
WARMUP LIMITED

Warmup® PE-RT Underfloor heating pipe Lifetime Warranty with Warmup® systems

Instant Quote!

The Best Warranties, Installation Guarantee and Accreditations

PE-RT & PE-Xa Systems carry a **Lifetime Warranty** for greater peace of mind.

*Visit warmup.co.uk for details

If you accidentally damage a Warmup heater or pipe during installation, return it to Warmup and we will replace it with another of the same range and size **FREE!**

About Warmup®

We want to change the way people heat their homes and we believe that there is no better heating system than radiant floor heating.

As the heating sector looks toward more sustainable heating innovations, our range of systems is positioned to be the future of heating.

Underfloor heating is up to 40% more efficient than traditional heating systems, allowing a cleaner, greener way to heat a home whilst providing lower running costs. As buildings across the world begin to utilise low carbon technologies, our systems can offer radiant warmth to millions of people with a combined reduction of 170,000 t CO₂ by 2025.

We have been committed to a research and development led approach to product and system optimisation for over 30 years. As a result, we have a complete range of proprietary integrated systems and controls that are world leading and that have been sold to over 2.5 million homes. We're incredibly proud to be the system of choice for homes, hotels, churches, synagogues, mosques, yachts, hospitals, schools, government buildings, and football stadiums around the world.

Warmup.co.uk or any one of our other 72 country-specific websites around the world contain guides and tools to assist you in your specifications and deliberations.

Research and development by Warmup® has created a product design and manufacturing process that allows us to offer lifetime warranties on most of our systems for peace of mind.

Our proprietary range of smart, connected controllers work together with our market leading MyHeating™ app to deliver what our clients have asked us for...

The right temperature At the lowest cost Effortlessly

We have achieved this by combining sophisticated schedule management software with an effortless user interface to attain maximum energy savings.

Why Warmup

- ✓ We offer expert assistance in **selecting suitable systems for the floor structure and finished floor surface, while taking local and national regulations into account.**
- ✓ Our range of hydronic systems provides a comprehensive selection for designing the floor heating system, **ensuring optimal heat up times, energy efficiency, and room compatibility.**
- ✓ Our proprietary controls enable **seamless and effective control of the system.**
- ✓ We provide an **accurate cost estimation** for the system and its installation **within two days.**
- ✓ **Clear calculations of running costs** and comparisons between different types of systems are available **to allow informed decisions.**
- ✓ Our **24/7/365 technical helpline** and **national engineering team** provide exceptional service levels and are always available to assist with any matters.
- ✓ At Warmup, we take pride in **guaranteeing unparalleled service and support that is unique to our company.**

Electric Underfloor Heating

A cleaner, more energy-efficient way to heat a home. Warmup's range of high-quality, cost-saving electric systems utilise ultra-thin heating cables or mats installed beneath your floor finish to gently conduct warmth throughout the space.

These systems offer a quick and hassle-free installation and their low-profile design make them ideal for renovation projects.

NOTE: All electrical connections must be performed by a qualified and competent electrician.

DCM-PRO™ Low Wattage System:

A Solution for Low Load Homes and Zero Carbon Heating with Solar Arrays.

With a lower electrical load, a property with Solar PV system, with or without a Battery, will be able to provide 100% of the load more often, enabling the property to be heated entirely by zero carbon electricity produced on-site.

Low Wattage Cable

Protects Floor from Damage

Rated as high performance, DCM-PRO is proven to protect tiled floors from cracking (ANSI 118.12.5.4).

The self-healing decoupling layer contracts and expands to deal with seasonal changes, preventing damage occurring from gaps and cracks in the subfloor. (Patent No. GB2548319B)

Protects floor surface from damage caused by subfloor movement.

Patented adhesive layer slides and stretches with expansion.

Adhesive layer contracts and self-heals if gap shrinks due to seasonal changes (typical for wood subfloors).

Hydronic Underfloor Heating

Hydronic, also called wet or water underfloor heating systems are a popular choice for extensions and new-build construction projects. These systems use water for heating, so it can be linked to virtually any heat source from a standard boiler to newer sustainable technologies, such as solar thermal energy or heat pumps.

WiFi Smart Thermostats

6iE™ WiFi Smart Thermostat

Element™ WiFi Smart Thermostat

Konekt™ Wireless Thermostat with Humidity Sensor

Tempo™ Programmable Thermostat

Our goal is to improve home-life.

With Warmup Smart, managing your heating system has never been so easy. Our smart products save you energy and money, on average £400 per year for a typical UK home.

They eliminate the necessity to manage your system, without any effort on your behalf, giving you one less thing to worry about and allowing you to focus on the things that matter, like family, friends and stress-free time.

Our Philosophy

Warmup Smart is passionate about creating products that work simply and beautifully, whilst improving the efficiency and comfort of your home. We believe that your home is where you feel safe, relaxed and comfortable; the place you go to disconnect from all the distractions of day-to-day life. Our work is built on these foundations.
